A Message From Our Founding Partners

S. Mwangi & Mburu Advocates brings together deep legal knowledge and a genuine commitment to our clients' success. Our founding partners combine strong academic grounding with years of hands-on experience across litigation, corporate advisory and regulatory practice.

We understand that behind every transaction, dispute or compliance question is a business trying to move forward. Our role is to remove legal uncertainty from that path, offering advice that is clear, practical and grounded in the realities our clients face.

We built this firm on the belief that good lawyering is about judgment as much as knowledge, and that the best outcomes come from listening closely before we advise.

ABOUT US

Who We Are

S. Mwangi & Mburu Advocates is a Nairobi-based law firm built on years of combined litigation, corporate and regulatory experience. Our lawyers have advised ministries, state corporations, county governments and private enterprise across a wide range of sectors.

We take the time to understand each client's specific circumstances before offering advice, and we measure our success by the outcomes our clients achieve rather than the hours we bill.

Our ambition is to grow a regional footprint across East Africa, delivering the same quality of counsel to clients wherever their business takes them.
